

Arbor Presses

- Precision cut steel rams and pinions for accurate operation
- Complete with 4-position anvil

Model No. TM196
Mfg. No. KAP-3
Capacity: 3 tons
Diameter of work: 12 1/2"
Capacity over table: 12"
Dim.: 17 1/2" L x 10 1/2" W x 22" H
Weight: 140 lbs.
Price/Each \$

Punch & Die Kit

- Mounting bracket included
- Includes : 3/8" Punch , 7/16" Punch , 9/16" Punch , 5/8" Punch , 3/4" Punch , 13/16" Punch , 15/16" Punch , 1-1/8" Punch , Punch Plate and Die

Model No. TYP041
Mfg. No. KM-045
Price/Each \$

Single Leverage Arbor Presses

- Adjustable handle for convenient positioning
- Smooth action gears for improved ram control
- High quality construction for long life

Ratchet Lever Arbor Presses

- Ratcheting mechanism
- Hand wheel advances ram to work quickly
- Counterweight returns lever quickly after down stroke
- High quality construction for long life

TGZ880

Dura-Press Hydraulic Presses

- 110 V electric power unit
- Sturdy welded channel iron frame
- Push button ram advance for easy operation
- Pressure gauge
- Safety relief valve
- Quiet low pressure hydraulics for smooth pressing
- 10" ram travel
- TEP061 comes w/throttling valve

Hydraulic Shop Press w/Grid Guard

- Heavy-duty "H" frame with pressure gauge
- Great for straightening, pressing, bending or stamping
- Used to install or remove gears, bushings, or bearings
- Adjustable bed height with support rods
- Comes with 2 pressure plates
