

# ABRASIVES

## NORTON METAL R828

- Quality zirconia alumina abrasive
- Strong engineered blend of X-wt cotton and Y-weight dark blue polyester flaps offers higher cut rate, longer life, and greater wear resistance
- Durable, fiberglass back offers strength, lightweight and absorbs vibration
- Available in both Type 29 conical for hard-to-grind materials and Type 27 flat for softer materials

## PREMIUM 2 IN 1 - TYPE 29

- Grinding & finishing in just 1 step
- Offers high removal and an aggressive angle
- Superior combination of life & removal with a trimmable backing
- Lowers your blending & finishing costs
- For use on steel & stainless steel
- Material: Zirconium

## ENDURO-FLEX™

### The one step finishing disc

- One-step finishing discs not only meet but surpass the challenges that the metal fabricating and finishing industry faces daily
- Ultra sharp and refined zirconium grain stays sharper longer to remove more material faster
- Special top coat continuously cools and lubricates the disc for smooth, vibration-free grinding and sanding from start to finish
- **With Spin-On arbor:** Will not smear or contaminate the work piece; patented backing has now even more reinforcing ribs for added safety; packing can be trimmed down easily for a customized feel
- **With 7/8" arbor:** Quiet and vibration-free grinding; complete control and total operator comfort; will not smear or contaminate the work piece; flexible backing wears down without the nuisance dust often associated with fiberglass backed discs
- Always use flange model **UG580**
