

### Turbo Power™ All-Season Windshield Washer Fluid

- Specially developed methanol based fluids designed to provide excellent grime, salt and snow cleaning performance under cold weather conditions
- A non-smear formulation
- This all season windshield washer protects from freezing down to -40°C
- Container Type: Jug
- Sold by case of 4

Model No.	Format	Price /Each
AD458	3.78 L	

### Turbo Power® Summer Bug Wash Windshield Washer Fluid

- Designed specifically as a summer windshield washer fluid
- Keeps windshield clear of road grime and splattered insects
- Only suitable for warm weather conditions
- Temperature Rating: -0°C
- Container Type: Jug
- Sold by case of 4

Model No.	Format	Price /Each
MLP382	3.78 L	

### Air1® Diesel Exhaust Fluid

- Used in trucks powered by diesel engines to reduce emission levels to the required limits set by the EPA
- Meets automotive industry specification defined by ISO 22241
- Product formulated for use in extreme cold applications; can be used after being frozen for long lengths of time
- Should not be stored outside, as sunlight may cause damage and/or degradation to chemical formulation
- Container Type: Jug

Model No.	Format	Price /Each
FLT765	9.46 L	

### Turbo Power® Premium Windshield Washer & De-Icer Fluid

- Excellent grime, salt and snow-cleaning performance
- Non-smear formula
- Removes frost and light ice
- Temperature Rating: -45°C
- Container Type: Jug
- Sold by case of 4

Model No.	Format	Price /Each
NKB959	3.78 L	

### Rain-X® ClearView De-Icer

- Effective freezing resistance
- Intense cleaning action and improved visibility
- Repels rain, sleet and snow
- Container Type: Jug
- Temperature Rating: -40°C
- Sold by case of 4

Model No.	Format	Price /Each
AG899	3.78 L	

### Turbo Power® Diesel Extended Life Antifreeze/Coolant Concentrate

- Hybrid antifreeze/coolant that does not require an initial charge of supplemental coolant additives or coolant extenders
- OEM approved
- Protects all coolant system metals
- Provides excellent wet sleeve liner cavitation protection
- Never use 100% coolant in concentrated form; 50% dilution recommended
- Container Type: Gallon

Model No.	Format	Price /Each
NKB971	3.78 L	

### Turbo Power® Heavy-Duty Mixed Fleet Extended Life Antifreeze/Coolant

- 50/50 premixed antifreeze/coolant with proprietary organic acid technology
- Provides protection against corrosion, rust and pitting caused by cavitation
- Designed for complete mixed fleet use
- Free of amines, borates, nitrites and phosphates
- Container Type: Gallon

Model No.	Format	Price /Each
NKB968	3.78 L	

### Turbo Power® Heavy-Duty Diesel Antifreeze/Coolant Concentrate

- Engine coolant with a proprietary formulation of corrosion inhibitors
- Protects coolant system metals such as aluminum, brass, cast iron, copper, solder and steel
- Does not require an initial charge of supplemental coolant additives
- Never use 100% coolant in concentrated form; 50% dilution recommended
- Container Type: Gallon

Model No.	Format	Price /Each
TYP309	3.78 L	

### Turbo Power® Extended Life Antifreeze/Coolant Concentrate

- Long service life engine coolant with proprietary organic acid technology (OAT)
- Protects coolant system metals against corrosion and rust
- Never use 100% coolant in concentrated form; 50% dilution recommended
- Free of amines, borates, nitrites, phosphates and silicates
- Container Type: Gallon

Model No.	Format	Price /Each
NKB969	3.78 L
