

## T540i XP® Top-Handle Chainsaws

- Powerful and efficient battery-powered chainsaw, equivalent to a professional 40 cc gas saw
- Ideal for removal of small and mid-sized tree
- Center of gravity is close to handles, reducing gyro forces
- Slim design provides perfect balance in both cutting directions
- Chain Pitch 0.325
- Engine Power 36 V
- Weight 5.5 lbs.
- For Use With: Bli200X Battery, Bli300 Battery, or Backpack Batteries

Model No.	Mfg. No.	Bar Length"	Includes	Price /Each

## 500 Series XP® Chainsaws

- AutoTune gives optimal engine performance through automatic engine setting
- X-Torq® deliver lower fuel consumption and reduced exhaust emission levels in accordance with the world's most stringent environmental regulations
- Centrifugal air cleaning system for reduced wear and longer operating time between filter cleanings
- RevBoost™ provides rapid acceleration and higher chain speed for best limbing performance
- Selected models include heated handles for increased comfort in cold and damp conditions

## XP® Professional Chainsaws

- Equipped with X-TORQ engine with reduced fuel consumption and exhaust emissions
- Carburetor has vibration damping in order to handle high speeds and high loads
- Saw combines low weight, high power and rapid acceleration with flexible operation
- Selected models include heated handles for increased comfort in cold and damp conditions
