

Versaflo™ Powered Air Purifying Respirator TR-600 Cartridges

- May also be suitable for operations where the primary hazard is particulate or certain acid gases, such as in mold remediation, acid cleaning, or plating operations
- 3M recommends the use of the **SDK962** filter cover to help protect the filter/cartridge from physical damage
- Filter cover is also used to hold the **SDK954** prefilter or **SDK955** spark arrestor in place
- For maximum PAPR system run time, select the **SDK947** High Capacity Battery when using this cartridge
- Model **SGK064**: First multi-gas PAPR cartridge with NIOSH approval for use against mercury

Model No.	Mfg. No.	Type	NIOSH Approval	Qty /Pkg.	Price /Each
