## Aluminum Walk Ramps with Perforated Traction Grip

Ideal for use with hand trucks and platform trucks. Lightweight, portable aluminum walkramps provide a fast, easy means of loading and unloading. Perforated Traction Grip Deck ensures safe, non-slip use in both wet and dry conditions. Determine the length of ramp which will descend at a gradual, safe slope. Safety pins are included to secure walkramp to truck or dock. Not for use with pallet trucks or fork lifts. Aluminum handle not included.
